Understanding Cover Your Assets

Cover Your Assets is a fast-paced card game centered around collecting and protecting valuable asset sets. The game is designed for 2 to 6 players and typically involves forming pairs of cards representing

different assets such as gold, silver, and property. The objective is to build the highest-value asset stacks while defending them from opponents' attempts to steal. Understanding the foundational concepts of the game is essential before diving into the official rules found in a cover your assets rules pdf.

Game Components

The game includes a deck of cards consisting of various asset types, wild cards, and special action cards. Each card features an asset icon and a corresponding value. Knowing the components helps players comprehend the possible moves and interactions during gameplay, which are thoroughly outlined in the rules PDF.

Objective of the Game

The primary goal in Cover Your Assets is to accumulate the most valuable asset stacks by the end of the game. Players take turns placing cards to either create new stacks or challenge opponents, thereby increasing their own wealth while reducing others'.
