Overview of Narcotics Anonymous and Its 12 Steps

Narcotics Anonymous is a global, community-based organization that provides support for individuals recovering from drug addiction. Founded in 1953, NA is modeled after Alcoholics Anonymous but focuses on addiction to narcotics and other substances. The cornerstone of NA's recovery program is its 12-step process, which guides members through a path of self-examination, acceptance, and growth.

History and Purpose of the 12 Steps

The 12 steps were originally developed by Alcoholics Anonymous and later adapted by Narcotics Anonymous to address the specific challenges faced by drug addicts. These steps serve as a spiritual and practical framework that helps individuals admit their addiction, seek help, make amends, and maintain ongoing sobriety. The steps are intended to be worked through in order, fostering personal transformation and connection with a higher power or inner strength.

Core Principles of Narcotics Anonymous

The NA program emphasizes anonymity, mutual support, and continuous self-improvement. The 12 steps reflect these principles by encouraging honesty, humility, and service to others. Members meet regularly to share their experiences and support one another in applying the 12 steps to daily life.

1. We admitted we were powerless over our addiction—that our lives had become unmanageable.
2. Came to believe that a Power greater than ourselves could restore us to sanity.
3. Made a decision to turn our will and our lives over to the care of God as we understood Him.
4. Made a searching and fearless moral inventory of ourselves.
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. Were entirely ready to have God remove all these defects of character.
7. Humbly asked Him to remove our shortcomings.
8. Made a list of all persons we had harmed and became willing to make amends to them all.
9. Made direct amends to such people wherever possible, except when to do so would injure them or others.
10. Continued to take personal inventory and when we were wrong promptly admitted it.
11. Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.
